

What's on

April-Virtual Resource Centre (VRC)

We are delighted to launch our live stream service. This service offers a selection of information sessions and regular activities through our Virtual Resource Centre page, and we warmly invite you to take part.

Everybody is welcome at our online group sessions. You can attend independently or with a companion but please note that our live sessions require a pre-booking at least 5 minutes before they are due to begin. We also have a series of sessions 'available on demand' to be enjoyed anytime. Further support for using this form can be found on the VRC website page in the 'How to ' video at the bottom of the page. For information on what to expect when joining a session there is a guide found on the VRC website page by clicking the joining a VRC session button.

This month we introduce the National Dementia Advisor Service's Carer Education programme. It aims to help provide informative and supportive sessions for those caring for a loved one living with dementia. These will run in three blocks and can be booked together or as individual sessions depending on what you feel you would like to attend. **Please note;** spaces to attend these sessions are limited, so early booking is advised. If you can no longer attend a session it would be appreciated if you cancel your place so others can book on.

Any feedback, suggestions and ideas for further sessions are welcomed and can be provided through our feedback button on the VRC page or via EMAIL.

Date	Sessions available to book	Time
