

What's on

June-Virtual Resource Centre (VRC)

Welcome to the Virtual Resource Centre (VRC). The VRC offers a selection of information sessions and regular activities online through our website Virtual Resource Centre page.

Everybody is welcome at our online group sessions. You can attend independently or with a companion but please note that our live sessions require a pre-booking at least 5 minutes before they are due to begin. We also have a series of sessions 'available on demand' to be enjoyed anytime. Further support for using this form can be found on the VRC website page in the 'How-to' video at the bottom of the page. For information on what to expect and how to join a session and guidance on Microsoft Teams there is a guide found on the VRC website page under the joining a VRC session button. If you haven't used Microsoft Teams before it is advisable to familiarize yourself with the information and download the app in advance of your session.
