

Developing Change Makers
Connecting People Connecting Support *in action*

The Blue Wave of Change Learning Space:
Online resource for Allied Health Professionals and Multi-Disciplinary Teams

Implementation of Connecting People, Connecting Support (www.alzscot.org/ahpresources) is underpinned by an improvement approach which is underpinned by systemic leadership. The aim is to fully realise the impact of the ambitions across health, social care and partner organisations.

All of this is built on the founding principles of Appreciative Inquiry and Co-Production.

This **Learning Space** provides access to high quality resources and experience, as well as being a place where allied health professionals and their partners can lodge stories and examples of best practice.

Access the online **Learning Space** and discover real practical tools to support you on your change maker journey.
